

SOUTH AFRICAN
SERVICES & PRICING GUIDE

15/08/2026

Hello traveller

This guide was created to walk you through the commission process and answer any questions you may have along the way.

Every story begins differently. Some arrive fully formed, while others begin as nothing more than a fleeting idea or a feeling that is difficult to put into words. Wherever your story begins, I will work closely with you to shape it into a painting that is entirely your own.

Whether you're dreaming of a forgotten castle, a quiet woodland, a beloved character, or a world that exists only in your imagination, it would be my privilege to bring it to life. Together, we'll create more than a painting. We'll create a story worth telling.

Meet the artist

Stories have always been at the heart of what it means to be human. Long before they were written down, they were shared around fires, whispered before bedtime, and passed from one generation to the next. Through myths, legends, and folklore, we made sense of the world, preserved our history, and gave shape to our dreams.

That is what I hope to do through my art.

Working primarily in traditional oil and watercolour, I create paintings inspired by mythology, folklore, medieval history, and the timeless worlds of fantasy. I invite viewers to step beyond the ordinary and into places where forgotten legends still breathe.

My original paintings are slowly becoming part of Torhuil, a world where ancient myths are true, dragons still soar across the skies, forgotten gods are remembered by name, and every painting reveals another fragment of a much larger story. Each piece is created to awaken curiosity and invite you to imagine what lies beyond the frame.

Whether I'm painting a quiet hobbit home tucked beneath an old hill, a weathered knight wandering forgotten lands, or an ancient forest where magic lingers beneath the trees, my hope is always the same: that my work reminds you of the wonder found in stories and encourages you to pause, dream, and lose yourself in them for a little while.

The Flora Collection is more than an art studio. It is the beginning of a world I hope to spend a lifetime exploring—a place where collectors, dreamers, and lovers of fantasy can gather, discover new stories, and perhaps even find a little piece of themselves along the way.

Welcome to Torhuil.

Love,
Shannon (Flora)

Blankitis

[noun] English

A common disease where the person suffering experiences boring, blank walls with no art.

How It Works

01 FILL OUT YOUR COMISSION FORM

This form provides me with the information we need to give you best service possible. It can be filled in and emailed back, or your responses can be typed into an email and sent back to us.

02 RECEIVE YOUR QUOTE

After you have sent your form in and we have discussed anything extra, you will receive a quote. We will then require a 50% deposit before beginning your piece.

03 GET EXCITED

The excitement is really building now! Don't worry though—your watercolour commission will be ready in just 1 - 2 months, and we promise it'll be so worth the wait. If you've chosen oil, that magic takes a little longer (about 2-4 months), since each layer needs time to dry - but that's what gives the piece its beautiful finish.

04 APPROVE YOUR ART

If you opt-in for updates, you will have the ability to make changes throughout. You will have 12 hours after an update to make a change otherwise we will continue to create. If you do not choose this option, you will have 2 opportunities to revise before the piece is sent to you

05 PAY YOUR DUES

Once you have paid the remainder of your total sum, your artwork will be sent to you, rolled up safely in a strong postal tube. Please provide a proof of payment to thefloracollection@gmail.com

06 YAY!

Your artwork is finally in your hands! Hang it up or gift it to friends. Enjoy the new beautiful piece of art in your home.

Package 1 Pet Portrait

It's time to show our loyal companions how much they really mean to us - by placing a hand-painted portrait of them above the fireplace! The dogs will love the attention and the cats will pretend they don't. Have a different type of pet? No worries, we can paint them too!

Our pets are like family to us - and we know every little detail of their furry little faces. That is why it is extremely important to send us a high quality reference picture. It is our job to create a painting that REALLY looks like your pet, and low quality photos hide all of the little things that make them special.

- * Clear, high quality image
- * Clear and visible eyes (i.e. I need to be able to see the pupils and the colour of the iris)
- * Good lighting tip: take your picture outdoors, the natural light of the sun will create some beautiful contrast
- * Make sure that your photo captures your pet's personality!
