Meet the artist

I have always heard people say: "I want to be wealthy. I want to be successful. I want to be established." but never have I heard someone say: "I want to be relaxed." In this fast paced world, relaxation and peace has taken a major step back in most people's lives. Through my art, I am aiming to challenge this stressful lifestyle by creating pieces that bring about a sense of calm, peace and nostalgia. I am a firm believer that we need to embrace complex human emotions, that they make us who we are. By viewing my work, my hope is that my audience will be able to bridge the gap between those emotions and the nostalgic memories that helped shape them.

Based in Empangeni, KZN, The Flora Collection has just started setting down it's roots. The goal is to eventually turn The Flora Collection into a community where art lovers can come together, whether they are creators or connoisseurs.

My work currently explores two main disciplines: watercolour and oil, which is why I've created two signature collections:

The Aquarelle Collection focuses on realistic watercolour paintings, capturing the subtle beauty of the natural world and the possibilities of a magical one.

The Atelier Collection focuses on oil paintings that explore fantasy, realism, and storytelling. These pieces are designed for the art collector and aim to evoke nostalgia, wonder, and tranquility, allowing imagination to wander freely.

Mostly, though, I have created my pieces for you to enjoy and it is my hope that when you look at my art, that you allow yourself to feel something.

Love,
Shannon Quarmbly

Blankitis

[noun] English

A common disease where the person suffering experiences boring, blank walls with no art.

How It Works

01 FILL OUT YOUR COMISSION FORM

This form provides me with the information we need to give you best service possible. It can be filled in and emailed back, or your responses can be typed into an email and sent back to us.

02 RECEIVE YOUR QUOTE

After you have sent your form in and we have discussed anything extra, you will receive a quote. We will then require a 50% deposit before beginning your piece.

03 GET EXCITED

The excitement is really building now! Don't worry though—your watercolour commission will be ready in just 1 - 2 months, and we promise it'll be so worth the wait. If you've chosen oil, that magic takes a little longer (about 2-4 months), since each layer needs time to dry - but that's what gives the piece its beautiful finish.

04 APPROVE YOUR ART

If you opt-in for updates, you will have the ability to make changes throughout. You will have 12 hours after an update to make a change otherwise we will continue to create. If you do not choose this option, you will have 2 opportunities to revise before the piece is sent to you

05 PAY YOUR DUES

Once you have paid the remainder of your total sum, your artwork will be sent to you, rolled up safely in a strong postal tube. Please provide a proof of payment to thefloracollection@gmail.com

06 YAY!

Your artwork is finally in your hands! Hang it up or gift it to friends. Enjoy the new beautiful piece of art in your home.

Package 1 Pet Portrait

It's time to show our loyal companions how much they really mean to us - by placing a hand-painted portrait of them above the fireplace! The dogs will love the attention and the cats will pretend they don't. Have a different type of pet? No worries, we can paint them too!

Our pets are like family to us - and we know every little detail of their furry little faces. That is why it is extremely important to send us a high quality reference picture. It is our job to create a painting that REALLY looks like your pet, and low quality photos hide all of the little things that make them special.
